Spirit of M.H.S.!

Foreword

We've got spirit at M.H.S., and plenty of it! Throughout the atmosphere at Mapleton there is a vibrating sense of school pride. You can see it in the faces of the students who endlessly strive to make the Mounties the best, and succeed. The sole purpose of this 1968 annual is to show its readers, by descriptions, pictures, and illustrations, what school spirit *really* is!

School spirit is visible in outstanding academic achievements.

Chilly weather didn't dampen these F.H.A. girls' spirit!

All the comforts of home . . .

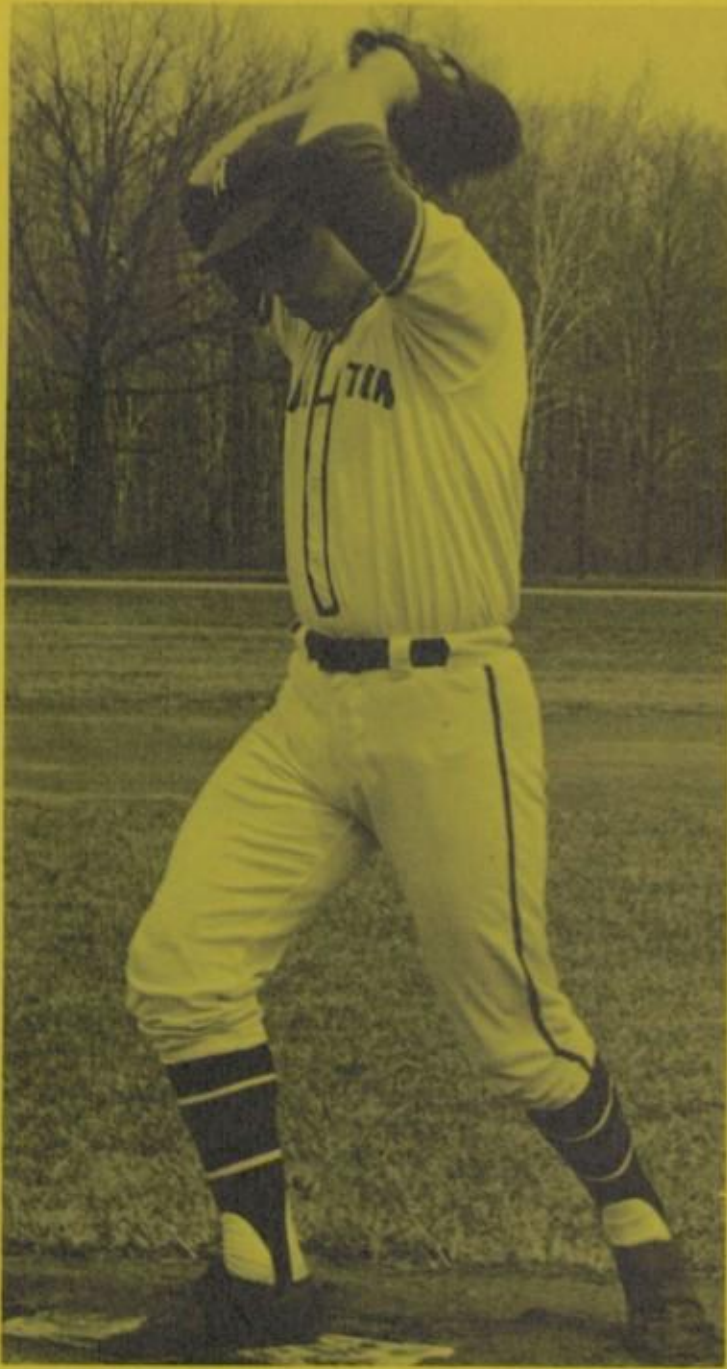

Ecoulez . . .

Bob, concentrating!

The modern way to exercise!

Individual effort strengthens team spirit!

Allen and Ivan investigate new Geiger counter.

See anything interesting?

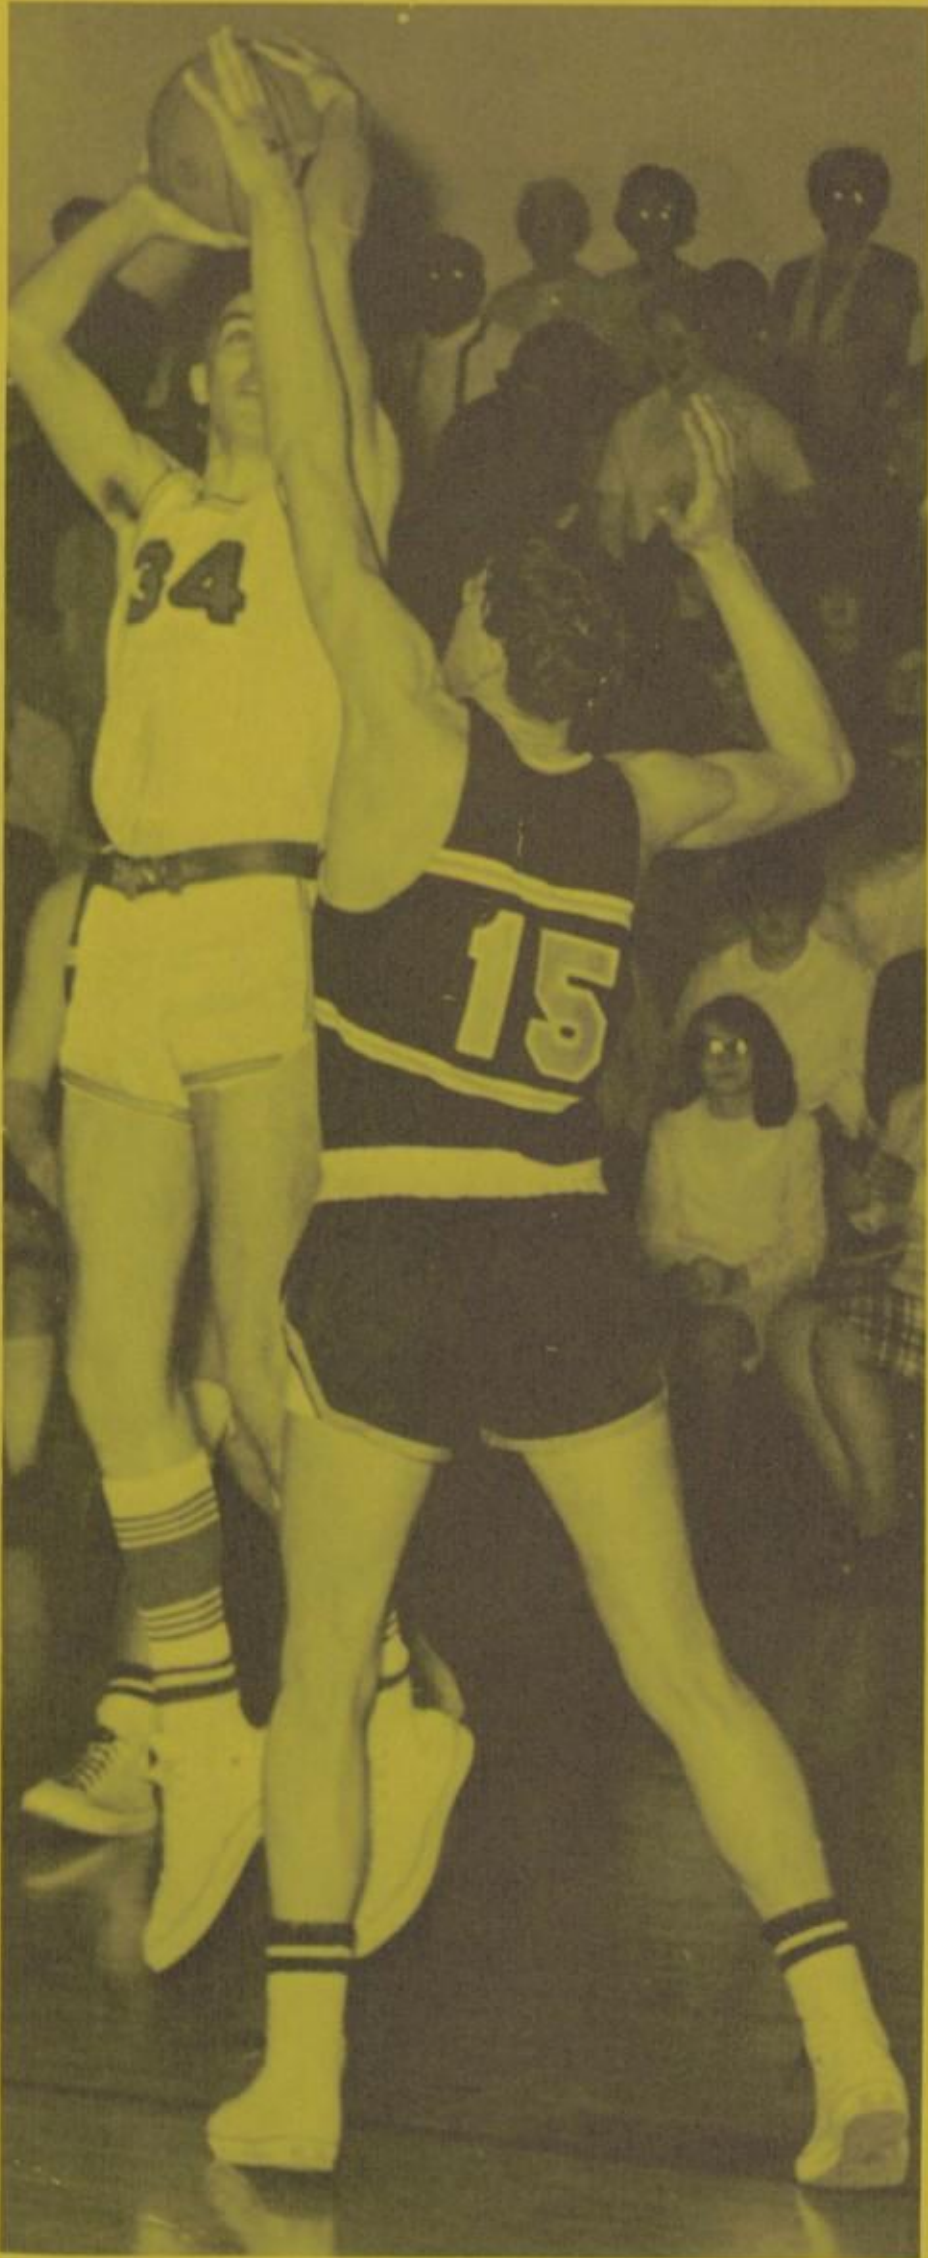

I'll gladly sell you a Chevalier!

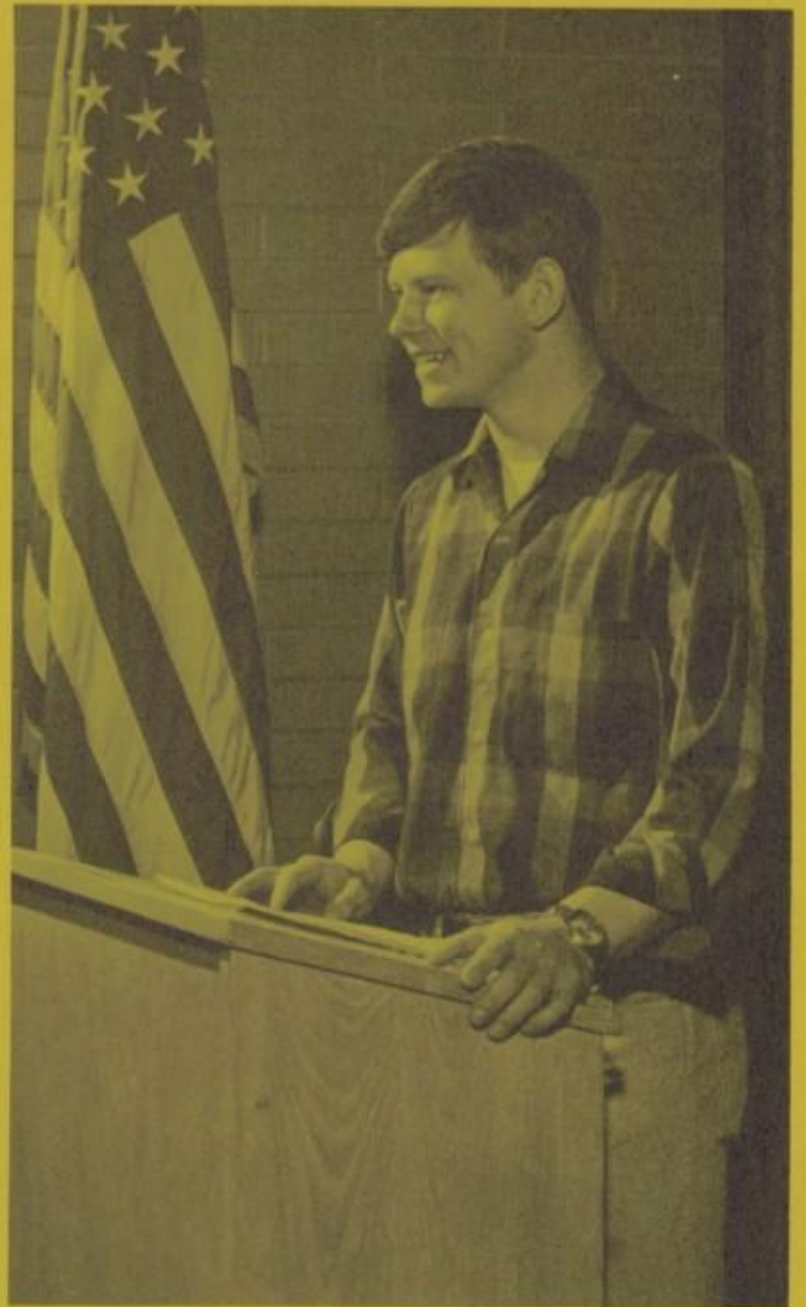

Celia and Dave study lines for "A Case of Springtime!"

Mr. John Camp

Recruiting and recommending personnel to the school board was an important duty performed by Mr. Leatherman, the administrative head of the school. He prepared and followed a carefully planned budget for school expenses, and was responsible for the effective operation of the school plant.

Mr. Galen Leatherman

Mr. John Camp, Mapleton's devoted principal, has given more of his time to Mapleton High School and its many extra-curricular activities than most people realize. This past summer, Mr. Camp spent many hours working on the new bleachers on the football field. Our desire at this time is to recognize Mr. Camp for all the unseen contributions he has made to Mapleton High school. The school is a better place because of his continuous efforts.

Mr. Camp is a graduate of Ashland College and received his master's degree from Kent State University. He is a staunch supporter of the Mapleton Booster's Club, an officer in the Taft P.T.A., former president of the Ashland County Teacher's Association, belongs to the Ohio High School Principal's Association, former president of the Ohio Firelands Conference, and is a member of the National Principal's Association.

Mr. Camps likes music of all kinds, sports, bowling, basketball, family trips, and really special are his three children.

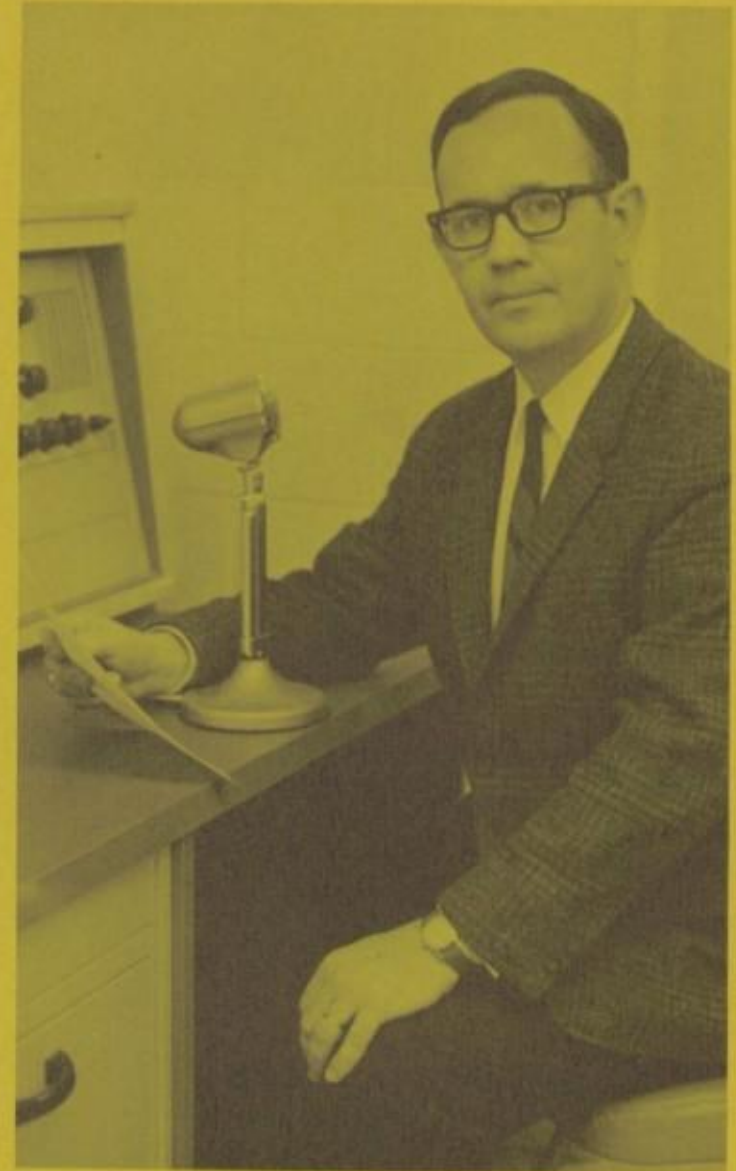

Administration Directs School System

Mr. Thomas Hay

Mr. Hay's helpful suggestions please Barbara Fisher during a conference.

Mr. William Butler

Providing Mapleton with an educational system which reflected the desires and needs of the community was one of the primary functions of the Mapleton School Board. When answers were not known, the School Board was responsible for finding solutions.

The board formulated the policies under which the schools operated. Mr. Leatherman provided the administrative knowledge to implement these policies.

Each member of the board had to be able to help provide the proper education for Mapleton High School students. Opinions of experts, teachers, and parents were solicited by the board as they tried to do what the community wanted.

Board Members: Mr. Albert Young, Mr. Harold McBride, Mr. Galen Leatherman, Mr. Carl Bruce, Mrs. Mildred Romine, Mrs. Emeline Krause, Mr. Dean Welch.

Mrs. Bates helps Larry with a composition.

In the quest for a good education one of the important tasks students tried to accomplish was the mastering of English. This year the English department strove to insure this goal. Four teachers taught seventeen different English classes, utilizing the school's resources to the best of their ability.

Most of the classes spent much of their time examining the fundamental aspects of English grammar, literature, and composition. The college English class gave the students an opportunity to do more in-depth study.

Mrs. Speck lectures to ninth grade students.

Understanding English Through

Mrs. Portia Speck
Mrs. Laura Bates

Mrs. Portia Speck received a B.A. degree from the College of Wooster and teaches English 10 and American literature and grammar. Providing news releases for the local paper, supervising the writing for the school paper, and serving as junior class advisor are Mrs. Speck's extra-curricular assignments.

Refinishing antiques takes Mrs. Speck's spare time, but she also enjoys traveling with her family and singing in the church choir and accompanying on the piano.

Advising the Pep Club, Cheerleaders, and sophomore class is no small job for Mapleton's small teacher Mrs. Laura Bates. All this is in addition to her daily job of teaching English five periods a day. Her spare time activities include reading, tennis, and swimming.

Mrs. Bates received a B.A. degree at Ashland College, majoring in English and (we say) enthusiasm.

Speech, Literature, and Grammar

Mrs. Mary Nearhood, teacher of English, Latin I and II, and French I and II, received a B.A. and B.S. at Ashland College after attending the University of Athens and Oberlin College. Mrs. Nearhood's after-school tasks are advising the senior class, French Club, Latin Club, and the European Tour Club. Besides all this, she still finds time for reading, swimming, listening to music and cooking. She especially enjoys growing African violets.

Teaching English and speech at Mapleton is Mr. James Reynolds, a graduate of Ashland College with a B.S. in education. Mr. Reynolds is head football and head track coach, besides serving as a co-advisor for the Varsity M. This year he is serving as president of the M.T.A.

Mrs. Mary Nearhood
Mr. James Reynolds

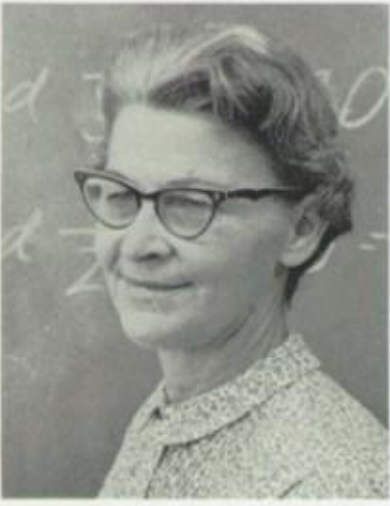

Mapleton offered speech to any interested Mapleton student in place of English, or in addition to English. The students were instructed in the basic principles of speech, after which the rules were put into practice. The classes, besides giving individual speeches on a variety of plays and short stories, and debates were a few of the activities included as a part of the class.

Mrs. Nearhood gives final instructions on English 12 term paper as the deadline draws near.

Math—Everchanging

Mrs. Virginia Pfeiffer

Mrs. Virginia Pfeiffer received a B.S. at Ohio University and teaches general math, Algebra I and review math. Her extra-curricular activities include advising the junior class, serving on the science fair committee, holding an office in the M.T.A. Mrs. Pfeiffer enjoys playing bridge and the piano and organ.

Helping students during their study time is just part of Mrs. Pfeiffer's job.

Mrs. Pfeiffer aids Darcie Briggs during algebra class.

Mrs. Pfeiffer answers students' questions.

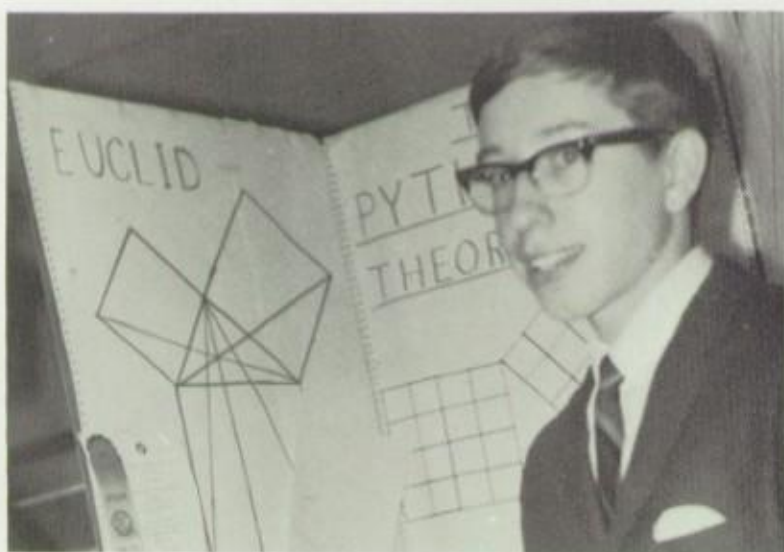

to Fit Modern World

Along with progress, it was necessary to initiate new methods of math into the curriculum. The math department presented the modern math in the Mapleton school system. The "New Math" was an attempt to improve an understanding of mathematics by stressing the "why" rather than the "how." A special emphasis was placed on the number system.

The new math challenged, intrigued, and puzzled both geometry and algebra students, as it revised math into more than a mechanical process.

Practical math provided an opportunity for students to review previous math courses. Advanced math, which included trigonometry, analytic geometry, calculus, and statistics, provided a challenge for the ambitious high school students.

John received a superior for his study of the Pythagorean theorem.

Mrs. Crumrine helps an Algebra I student.

Mrs. Crumrine explains math problem to class.

Mrs. Ruth Crumrine, Mapleton's friendly math teacher, received her A.B. from Ashland College and Ohio State University. She now teaches Algebra I and II, geometry, and advanced mathematics. Along with her husband, Mrs. Crumrine devotes many after school hours in hearty support of Mapleton High School and its many activities. Besides being an advisor for the freshman class, Mrs. Crumrine is chairman for the science fair for this year. Although Mrs. Crumrine enjoys all homemaking tasks, her main hobby is sewing.

Mrs. Ruth Crumrine

Mrs. Patty Hastings

Mrs. Patty Hastings, teacher of girls' physical education, received her B.S. at Kent State University. Mrs. Hastings advises the G.A.A. and teaches physical education in the junior high school. Her pastime activities include reading, cooking, horse back riding, and best of all, baling hay.

Helping students develop physically as well as mentally was the goal of the physical education teachers, Mrs. Hastings, Mr. Hay and Mr. Honeycutt.

Coordinating themselves in such team sports as hockey, volley ball, basketball, and badminton, the girls also learned to use the trampoline, horse, and archery equipment.

While gaining more knowledge of sports and good sportsmanship through actually participating in these activities, the students at Mapleton became healthier—physically and mentally.

Even teachers get tired.

Mrs. Hastings demonstrates how to jump the horse.

Physical Fitness Stressed

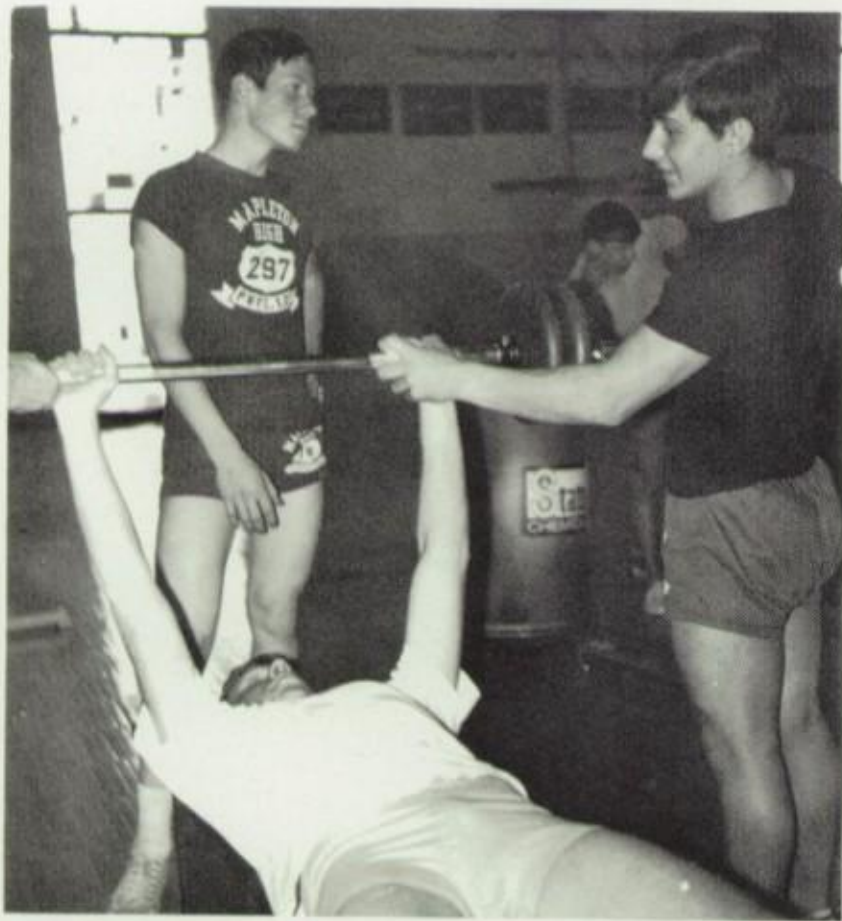

Joyce Shonkwiler remembers her trampoline instruction as she completes a seat drop.

Freshman, sophomore, junior and senior boys participated in a variety of activities and team sports during the year. Team sports such as football, basketball, and volleyball were included in all phys. ed. classes, while tumbling, hand-ball, weight lifting, and working on the trampoline provided vigorous activities for the remainder of the year.

The physical education classes provided the students with the opportunity to improve their physical fitness as they chose either the activities of gym class or sought to take part in the extra curricular sports. The gym teachers emphasized teamwork and cooperation through every activity.

Mr. Glenn Honeycutt

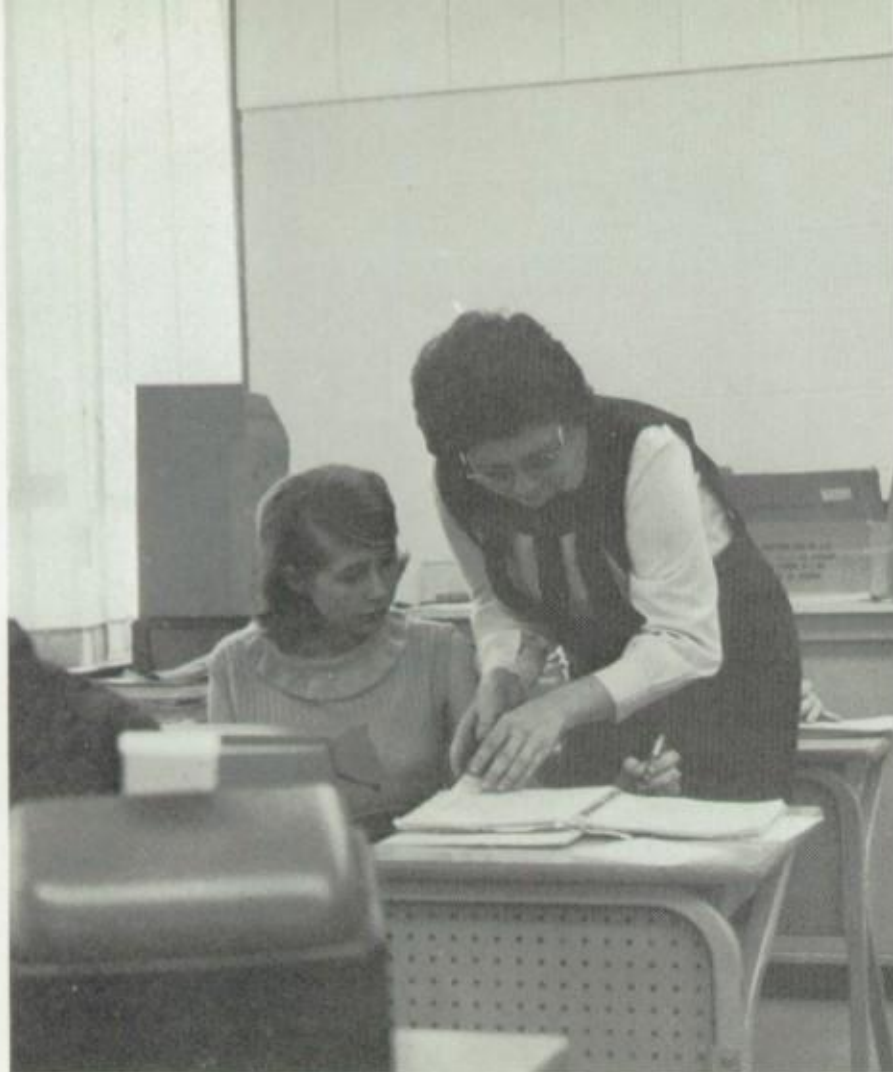

Mr. Thomas Hay

Guiding Mapleton students is Mr. Thomas Hay. This is only one of the many duties of this amiable gentleman. Mr. Hay is advisor for the F.T.A., National Honor Society, Art Club, co-advisor for the College Club and Varsity M. In addition to these duties, Mr. Hay is Cross Country coach and J.V. Basketball coach.

Mr. Hay received his B.S. and M.Ed. at Bowling Green University. He lists tennis, fishing, and listening to music among his other interests.

Weight lifting is part of the physical fitness program.

Mrs. Miracle checks Jan Janna's computations during office practice class.

Mrs. Helen Miracle, teacher of Typing I and II, office practice, and bookkeeping, is also advisor for the B.O.E., the Mountie Messenger Staff, and the sophomore class. Mrs. Miracle graduated from Ohio University with a B.S. in Education. In her spare time she enjoys painting (the house, that is), and sewing.

Miss Marilyn Paxton received a B.S. degree at Capital University and teaches typing, shorthand I and II, and Business English. Miss Paxton is a senior class advisor, and helps with the B.O.E. Reading, music, drawing, working outside, and visiting museums are Miss Paxton's favorite pastimes.

Mapleton's Business Courses Meet Practical Needs

Mick Goon asks Mr. Poorbaugh about a bookkeeping problem.

For those students who wished to enter industry after graduation, the Vocational Business Block provided the best training. Classes in office practice, Business English, typing, bookkeeping, and shorthand, provided specialized training for quite a large number of students. The knowledge gained by those students in these classes provided the initial step toward becoming successful in a career.

Many MHS students discovered that it was beneficial to take business classes to prepare themselves for future careers in commercial fields. Numerous courses of this type were included in the curriculum this past year. For students planning to enter the business field as a permanent career after graduation, business law, business English, and bookkeeping were quite helpful. College-bound students also recognized the usefulness of such courses as typing and shorthand in readying themselves for further study.

Mr. Richard Poorbaugh, another new teacher at Mapleton, teaches general business, psychology, and bookkeeping. He received a B.S. at Ashland College last year. Besides his teaching duties, Mr. Poorbaugh was freshman basketball coach, and assistant football coach. Skiing, golf, and reading provide extra entertainment.

Mrs. Mary Nearhood

Languages Give Culture and Knowledge

Mrs. Nearhood tells class about Paris during French class.

Parlez-vous francais? Non, je ne parle pas francais. Too often students give this answer when asked to demonstrate their ability and mastery of a foreign language. The language instructor strove to obtain oui or ita, the affirmative replies for such a question in the two foreign languages taught at Mapleton—French and Latin.

The study of mechanics of the language is accompanied by an explanation of the history, culture, and literature of the country.

Mrs. Pauline Fair

Mapleton Librarian, Mrs. Pauline Fair, received a B.S. at Ashland College. Extra-curricular activities include supervision of the Chevalier Staff and advising the Dewey Decimals. Besides enjoying her family, Mrs. Fair's interests are reading camping, canoeing, sewing, and cooking specialty dishes.

Library Provides Aids for Learning

Students who have an interest in the facts and fiction stored between book covers often assisted in the library during study halls. These students repair books, catalogue materials, and type book lists. Contributions of these students aid the librarians and help to make the library service more efficient.

Mrs. Fair helps girls with research in the library.

Kris Ashton works at getting the library back in order.

Vincent Markel and Tom Edwards look over some of the new paper-back books in the library.

Mr. John Crumrine

Contributing much time in support of Mapleton High School is Mr. John S. Crumrine, a graduate of Ashland College. General science and physics take up the school, but Mr. Crumrine's activities do not end there. He has been a regular ticket seller at school events for many years. His pick-up truck has been used to transport everything from tables and supplies to purchases of surplus items.

Mr. Crumrine successfully guided the science fairs at Mapleton High School and served as secretary-treasurer of the science section of N.C.O.T.A. He has served on the Mohican District Science Fair Committee which governs the district science fair held at Ashland College. In the classroom Mr. Crumrine has constructed many teaching aids for science and physics. All in all, we might say of this long-time teacher, "He is an organizer extra-ordinary."

Scientific charts aid in learning.

Students Explore the

The science lab was the pride and joy of Mr. John Crumrine, instructor in physics and general science. Besides the fundamentals taught in these subjects, Mr. Crumrine had a vast knowledge of supplementary material to offer to the classes.

General science students make use of the lab facilities.

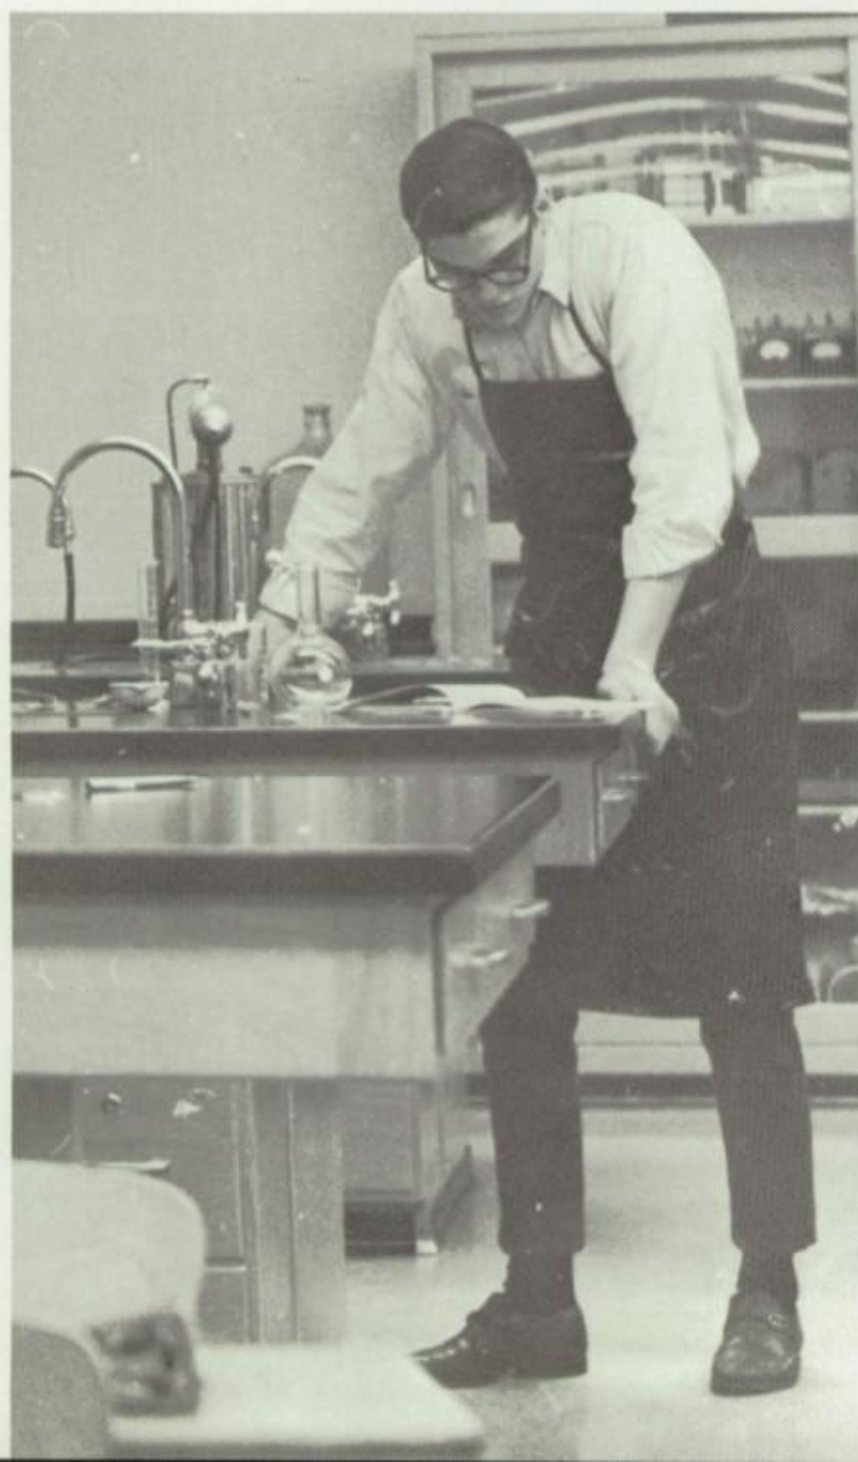

Mr. Crumrine explains the use of a spectroscope.

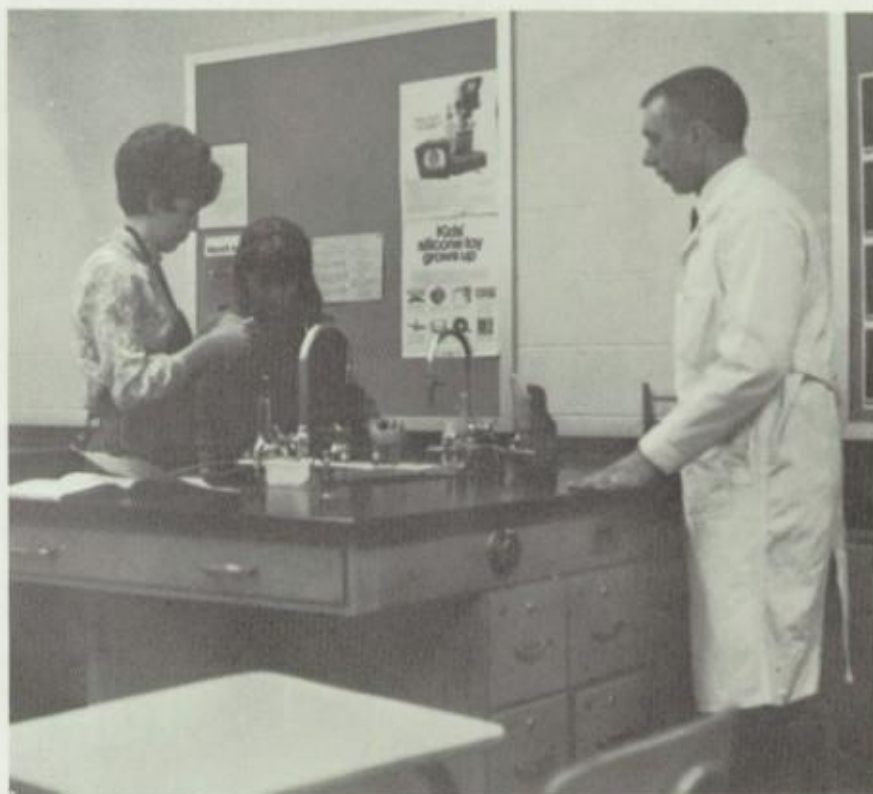

World of Science

Puzzled by lab instructions, Don Bowen prepares to set up an experiment.

What were the sound of activity and occasional bad odors emerging from the science lab? These phenomena were the result of students diligently studying the chemical knowledge collected by great minds of the past. From the biology room came the smell of formaldehyde, the preservative for animals used in dissecting. The capable instuctor, Mr. Walter Brownson, gave the added spark to spur students into other fields of science.

Mr. Brownson supervises chemistry students.

Mr. Walter Brownson received a B.S. at Ashland College and A.M. at Kent State University. He teaches biology and chemistry, and recently was nominated as an outstanding teacher of high school chemistry. Mr. Brownson helps advise the senior class. After school, he is an ardent farmer, specializing in raising Hampshire pigs.

Mr. Walter Brownson

Vo Ag boys build picnic tables during their fall project.

The Mapleton vo-ag department took part in many varied activities. During the class periods, members studied many of the aspects of farming as well as agri-business. The classes learned by doing as they participated in welding, pruning, and tractor repair.

Jim Stauder hopes his record book will pass inspection by Mr. Welch.

Mr. Ralph Welch, Mapleton's vocational agriculture teacher, received his B.S. degree from West Virginia University. Mr. Welch's contributions to Mapleton High School and the surrounding community are many. Besides advising the F.F.A. and senior class, Mr. Welch has charge of the farm program dealing with excess acreage. The F.F.A. seeded the football field and is responsible for improving the barn on the school farm. During this past summer, Mr. Welch contributed much time helping build the bleachers. His willing hand also played a big part in the completion of the concession stand, and ticket booth for the football field.

For many years Mr. Welch has been an active member of the Nova community, participating in church affairs as well as civic affairs. It can truly be said that here is a teacher who has contributed to his school, his church, and his community.

Mr. Ralph Welch

Departments Develop Needed Skills

Instruction on inserting a zipper is given to Cindy Emmons by Mrs. Blodgett.

Teaching home economics is Mrs. Naomi Blodgett, a new teacher at Mapleton this year. Mrs. Blodgett formerly taught at Ashland High School and served as a state supervisor in home economics.

Mrs. Blodgett received a B.S. and M.S. at Ohio State University. She is advisor for the freshman class and enjoys sewing and music (we know she sings) in her free time.

Mrs. Naomi Blodgett

Janice Johnson follows pressing instructions when making her dress.

Girls at Mapleton had the opportunity to develop correct homemaking techniques. Mrs. Blodgett offered instruction in the preparation of meals, dress-making, home-budgeting, and family care including health aids and proper dietetics.

The home economics department provided an atmosphere conducive to learning.

Mrs. Blodgett prepares showcase.

Mr. Lonnie Atchison

Instruction in world history and American history is given by Mr. Lonnie Atchison. Advising the sophomore class, assisting with the Varsity M, and assistant football coach are Mr. Atchison's extra-curricular assignments. Sports are Mr. Atchison's main diversion, with a special interest currently in karate. Mr. Atchison received his B.S. degree at Ashland College after several years in the Marine Corps.

Mr. Atchison tries his luck at encouraging Bob Kerr to learn his history.

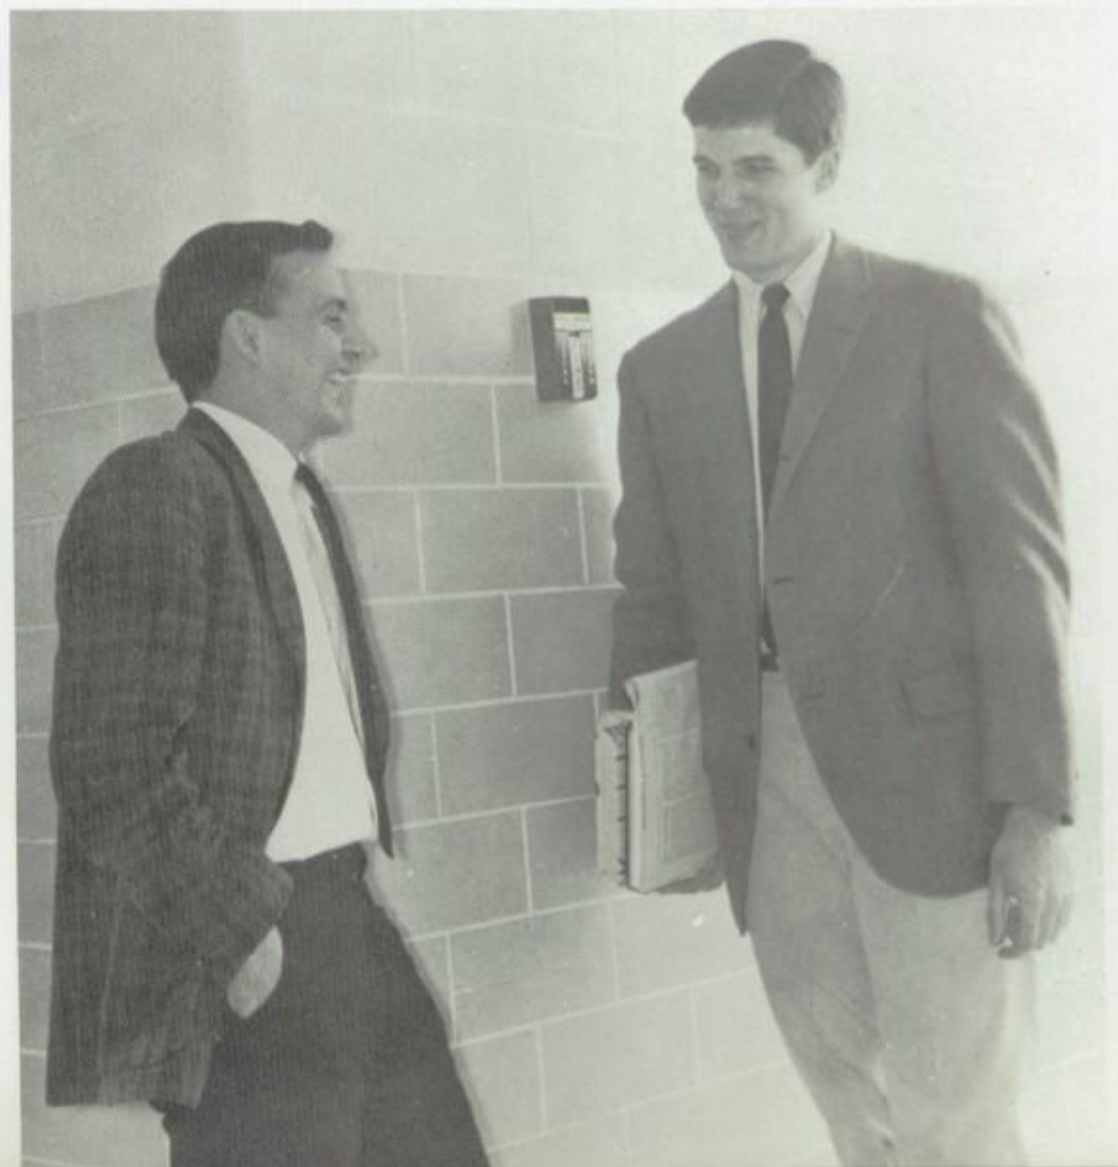

Mr. Atchison waits patiently for the class' response.

Surveys of the Past

As the United States pushed ahead in the space race, students at Mapleton High were critically studying the events of today and past years. Sophomores and juniors enrolled in history classes studied the progress of the world and the United States. For the seniors, government classes supplied a knowledge of federal, state, and local governments.

Mr. Bear and Mr. Atchison converse between classes.

To really understand the present-day world, a knowledge of the historical basis is extremely necessary. Dates, wars, documents, and governmental systems are just a few things the history and government students learn each day. They gain a wider scope of the past, present, and future world situation.

Mr. James Bear

Prepare for the Future

A new teacher to Mapleton High this year is Mr. James Bear, teacher of American history and American government. Mr. Bear received his B.S. degree at Mount Union, and is presently continuing his studies. In addition to being a junior class advisor, Mr. Bear is co-advisor for the Varsity M, assistant football coach, assistant track coach, and assistant basketball coach. Even with this busy schedule, Mr. Bear finds time for golf and reading.

Keith, Becky, and Sandy discuss a Look article.

Vocal and Instrumental Music Contribute

Miss Marie Keppel

Teaching vocal music in the high school and junior high school is Miss Marie Keppel, a beginning teacher. Miss Keppel received an A.A. at San Joaquin Delta College, and B.Mus., at Ashland College. Each day finds Miss Keppel rehearsing with ensembles, soloists, and choral groups for the many music activities of the school. Reading, cooking, and sports are Miss Keppel's spare time hobbies.

Singing magnificently, the MHS choir completed another successful year. Much of the choir's time during the Christmas season was devoted to presenting the traditional concert. In the spring, the choir delighted the community with a special concert consisting of Negro Spirituals, sacred selections, and songs from musicals. Directed by Miss Marie Keppel, the choir sparkled under her direction. Once again the choir proved itself to be a valuable asset to both the school and the community.

Miss Keppel prepares chorus for contest participation.

Pleasant Atmosphere to School Life

Pep band waits eagerly to play Mapleton's fight song.

Under the capable leadership of Mr. David Vaas, modern sounds emanated from the MHS band this year. Much to the delight of the teenset, the band departed at times from the traditional marches and concentrated on current hits with a lively beat. Providing half-time entertainment for football games, the band stepped off precision formations to themes from Broadway shows and movies. Contributing to the community activities, the band appeared in local parades, and in December it presented a public concert in the MHS auditorium.

Instrumental music at Mapleton is taught by Mr. David Vaas who received a B.Mus. at Ashland College and the New England Conservatory. Mr. Vaas is chairman of the Mapleton Activities Committee and enjoys photography, camping, dining out, and his own combo, the Ad Libs, which play at many school dances.

Rehearsing for contests with ensembles and soloists, and the band, require much energy and extra time. Mr. Vass's reward for the many additional hours spent in rehearsing for contests and concerts is the continued success of these groups.

Mr. David Vaas

Mr. Vaas runs through a difficult part with Chris Lewis.

Mr. Honeycutt leaves car after instructing Bonnie.

Mr. Glenn Honeycutt

Mr. Glenn Honeycutt received a B.S. and M.Ed. at Bowling Green State University. He is now teaching physical education and driver's training. His hours are not his own because he is head basketball coach, head baseball coach, and assistant football coach. He is co-advisor for the Varsity M. Traveling with the family, baseball, and swimming take up his free time.

Driver's Education Becomes Vitally Important

Part of the responsibility of driving is keeping the car in good condition.

"Safety first" was the main goal of the drivers' education courses. In the classroom, the students were drilled on the basic driving fundamentals; however, they learned the skills of handling an automobile by driving the specially equipped dual-control car.

Bob Wiley applies technical knowledge when working with wrought iron.

Bob Starcher learns how to put his drawing abilities to use in Mr. Crumrine's drawing class.

Necessary Talents Applied in Industrial Arts

Instruction in repair of gasoline engines prepares students for the future.

Mr. William Butler

Mr. John Crumrine

Learning the basic knowledge and becoming skilled in the vocational areas of carpentry, electronics, welding, and mechanical drawing are the purposes of the industrial arts classes.

As a freshman, the interested student was instructed in the basics of blueprint drawing and woodworking. During the sophomore year, working with power mechanics and learning about the uses and values of electricity and metals added to the student's knowledge. The third-year course included more complete instruction and experience working in the cabinet shop, welding and electronics. After accumulating all this previous knowledge and experience, the senior classes had a twelve-week seminar during which each student on an advanced project, while machine shop and foundry instruction were given.

Seniors Display Unity

The members of the graduating class of 1968 completed their high school years at M.H.S. with repeated successes. Many students had an opportunity to show their talent in character roles in "Washington Never Slept Here." Several others showed exceptional ability in the musical events. Scholastically, the class could boast of several who rated very high.

The end of the school proved to be very busy. With term papers, academic requirements, sports, clubs, commencement plans, the prom, music contests, and completion of the Chevalier, the class will always remember that they were kept busy until that final night when they gave their farewell to M.H.S.

In Memoriam

Students at Mapleton were shocked by the untimely death of Jim Blankenship. A junior at Mapleton High School, Jim was active in F.F.A., liked to build model airplanes, and was an ardent reader. His presence is greatly missed.

"Sunset and evening star,
And one clear call for me!
And may there be no moaning of the bar,
When I put out to sea.

Twilight and evening bell
And after that the dark!
And may there be no sadness of farewell,
When I embark;
For tho' from out our bourne of Time
and place
The flood may bear me far,
I hope to see my Pilot face to face
When I have crost the bar."

The sophomores will, no doubt, say that the most important event of the year for them was receiving their class rings. However, there were a few other events of importance. The class held a dance in November, they finished selling the hot pad holders and dishcloths left from last year, sold cider, and window cleaner.

The members of the freshman class had many new experiences during their first year at Mapleton High School. They learned the meaning of being "lowly" underclassmen. At one of their first class meetings, the class selected their officers. All in all, it was a busy class. A freshman party in December helped the class become better acquainted. Most of the class also attended the roller skating party in February. With the 1970 prom in mind, the class sold tickets and candy for every freshman basketball game.

Homecoming Court's Spirits Undampened

October 13, 1967, brought the highlight of the football season—homecoming—a night of mums, convertibles, and rain.

The capacity crowd eagerly, but anxiously awaited the beginning of the pre-game ceremonies—the procession of convertibles with the Queen and her attendants.

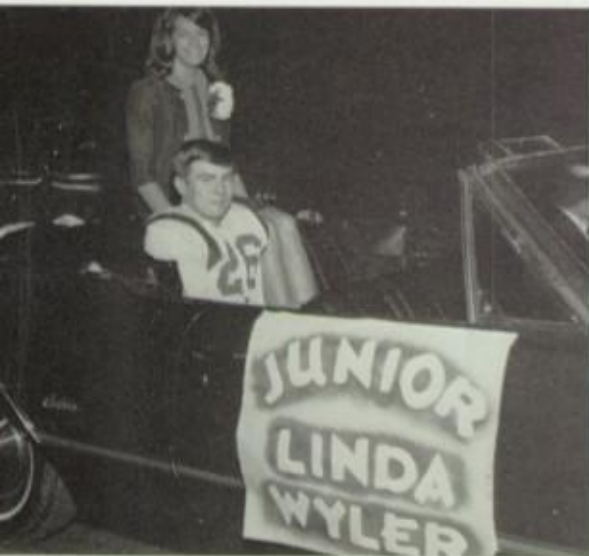

As the first car approached the home side of the field with the 1966-67 Homecoming Queen, Peg Shultz, and her escort, Tim Hickey, the enthusiastic crowd knew the moment had come. Next came the freshman attendant, Joan Stokes, escorted by Mike Moody, followed by sophomore attendant, Vesta Fausnight who was escorted by Jim Reynolds. Junior attendant, Linda Wyler, and her escort Gary Sloan, preceded Anne Kemery, senior attendant, escorted by Jim Kramer. Then the 1967-68 Queen, Annie Simpson, was escorted on to the field by senior tri-captains Dan Moose, Nick Claypool, and John Maiken.

After the crowning, the game ball was presented to Annie by Nick Claypool, and Dan Moose gave her a bouquet of roses. The Mapleton Mountie Marching Band then played the dedication song "Jet" as Queen Annie and her attendants were escorted to the bleachers to watch the Mounties defeat the Tigers on a rain-soaked field.

Queen Annie Reigns Over Fall Fantasy

The fourth annual homecoming dance "Fall Fantasy," sponsored by the student Council, was held after the exciting, but rainy victory over Berlin Heights.

At the dance, Queen Annie was escorted by Sam Kline. Annie's attendants, Ann, Linda, Vesta, and Joan were escorted by Mick Goon, Ted Crow, Don Beach, and Tom Hummel. Student Council President, Nick Claypool, presented the court and attendants.

Surrounded by a lovely fall setting, Mapleton alumni and students enjoyed dancing to the pleasing music of the Ad Libs.

After being crowned Mapleton's Homecoming Queen, the Tri-Captains escort Annie to the bleachers to watch the game.

"Washington Never Slept Here" presented by Senior Class

The three-act mystery-comedy "Washington Never Slept Here" took place in the spooky headquarters of George Washington somewhere in the state of New Jersey.

The play opened with Mr. Mathews, the curator of the headquarter's museum, imagining he saw a ghost. This was the day his superior, Mr. White, decided to inspect the museum.

The plot became more frightening and involved until the truth finally came out.

Junior Class presented "A Case of Springtime."

The class of '69 presented "A Case of Springtime" under the direction of Mr. Harold Deaton, of Polk Elementary, on April 26. Members pitched in to make the traditional Junior Class Play a surprising success. Student director for the event was Shirley Clouser.

In this comedy in three acts, Bob Parker was an average high school boy who had above average problems. His troubles all began when he decided to become a magician and enlisted the aid of the principal's daughter, Joan Abernaker.

The trouble he got into was unbelievable and humorous, as he practically ruined his entire career.

Chorus Voices Vibrant

Under the direction of Miss Marie Keppel, the Mapleton Chorus attended the District Contest and received an excellent rating.

They presented two concerts, one at Christmas and one in the spring. They also sang for baccalaureate services and various assemblies.

The Red Ensemble went to District Contest and on to State where they received an excellent rating. The Blue Ensemble received a superior rating at State Contest as did the Mixed Ensemble. The Boy's Ensemble received an excellent rating at District Contest. The Chorale went to District Contest and are now to go to contests on a national level at Indiana. There groups besides going to contests sang at various social functions.

The Mapleton Mountie Band had one of its most active years in the history of M.H.S. David Vaas directed the band again for his eighth consecutive year, and Janet Cusato, president of the band, was student director.

Due to the energetic Band Parents' Club, the band was able to purchase a variety of new material, including instruments, uniforms, and weather coats. Fund-raising projects included an ice cream social and the sale of Christmas cards and Kathryn Beich candy.

The marching band, which performed at all home football games this year, also marched at the county fair and Christmas and Halloween parades. A trophy

S. Clouser, Head Majorette, A. Rowland, J. Biddinger, V. Moyers.

The Mapleton majorettes stepped across the field in new uniforms this year. Shirley Clouser led the band in traditional and new formations. The dance innovation added to the twirling routine added spark to each half time show.

The pep band, led by Bev Moody, entertained the crowds at the home basketball games and pep rallies during the entire basketball season. Their enthusiasm added much spirit during the half time. "Windy" and "Charge" will long be remembered as Mapleton trademarks.

Rain, hail, sleet, snow—the majorettes keep marching.

Chorus Presents "Music—Strictly American."

"Music—Strictly American" was the theme and title of the chorus spring concert.

Girls in floor length work dresses of the Southern slaves and boys in ragged work clothes depicted a typical slave song gathering and sang spirituals for which the slaves are famous.

The junior high choir sang songs such as "The Happy Wanderer" and "The River is Wide."

The Chorale sang and there was a solo by Barb Stentz and Candee Bates.

The chorus added a variety of musicals such as "Oklahoma" and "The Fantastics".

Music—Strictly American not all laughs.

Endeavored Goals

Awards! Awards! Awards! May 22 found many Mapleton students receiving awards ranging from perfect attendance and scholarship to certificates for work in the cafeteria. Mapleton rated unusually high in scholarship during the year, and two seniors boasted perfect attendance for four years at Mapleton. Awards in the form of gifts were received by outstanding members of the Chevalier staff. Teachers and students alike were aware of the spirit that exists at Mapleton.

and Class Participation

Girls had a chance also to prove themselves in running events as well as field events, participating in dashes, relays, shot put, and the softball throw.

The sophomore class was runner-up for first place, followed by the seniors and freshmen in third and fourth places respectively.

The long jump event attracted students to observe.

Trackman Mick Goon served as Olympic Day starter.

Juniors capture first place in pole vault.

Scholarships Leaders—National Honor Society

Newly inducted members of the National Honor Society receive the society's pledge.

The National Honor Society president, Pat Stentz, holds the ledger as Shirley Clouser signs it, signifying her lifetime membership.

Induction assembly is readied by senior members.

The audience sat silently waiting for each new member's name to be called. Shaken by the honor bestowed upon him, each selectee walked one at a time with his candle to the table on stage and signed his name in the records of time as a member of the National Honor Society. Raising his right hand and with the flame of honor in the left, he took the pledge which bound him in this society.

After being inducted each member left the stage, leading his life as he always had, but with the knowledge that he had been singled out because of the contribution he had made in leadership, scholarship, character, and service.

Senior member Donna Blechschmidt accompanies Marie Bohland to the stage to take her oath of membership.

Students Foresee Future Occupations

Mapleton students were given the chance to investigate possible future job opportunities on their second annual Career Day.

Miss Kay Pittenger, a representative of the Ohio State Employment Service served as the day's keynote of the employment service and explained how their services assist the job-seeker.

Following the assembly, students were dismissed to hear discussions of professional people in fields varying from careers in business to military careers.

All speakers discussed their occupations.

Treasured Memories of

May 29th, Mapleton's 1968 graduating class presented their annual Senior Farewell Assembly. They reminisced their past four years at Mapleton with the reading of the class history, foresaw their future years with the class prophecy, and through their class will they gave to the underclassmen and faculty their outstanding qualities.

After the singing of the Alma Mater, the class marched out of the gym only to enter as a class one more time, that time being graduation day.

Team Spirit Leads to Successful Season

through a field of upset Tigers and charging Mounties.

The 1967-68 Mounties turned in the best season so far with an overall record of 7 wins 2 losses and a Conference record of 6—1. The one Conference loss to an ever powerful Milan squad kept Mapleton out of the number one position in the league, but, nevertheless, allowed them to remain in second place.

Even though Mapleton ranked second in the F.C., the Mounties led the league in the total number of yards gained.

Strong team effort and loyal Mountie supporters kept the school spirit growing throughout the entire season. Team leadership fell not on just one person, but was held by the seven senior members.

The task of finding and developing the potential of all squad members was, as always, handled successfully and efficiently by the fine coaching staff of Coaches Reynolds, Atchison, Honeycutt, Poorbaugh, and Bear.

Individual determination combined with cooperative teamwork served as the nucleus of a great football season.

Cross Country Undeclared in Class "A"

Finishing with a season record of 7 wins and 4 losses, the Mapleton cross country team was undeclared in class 'A' meets.

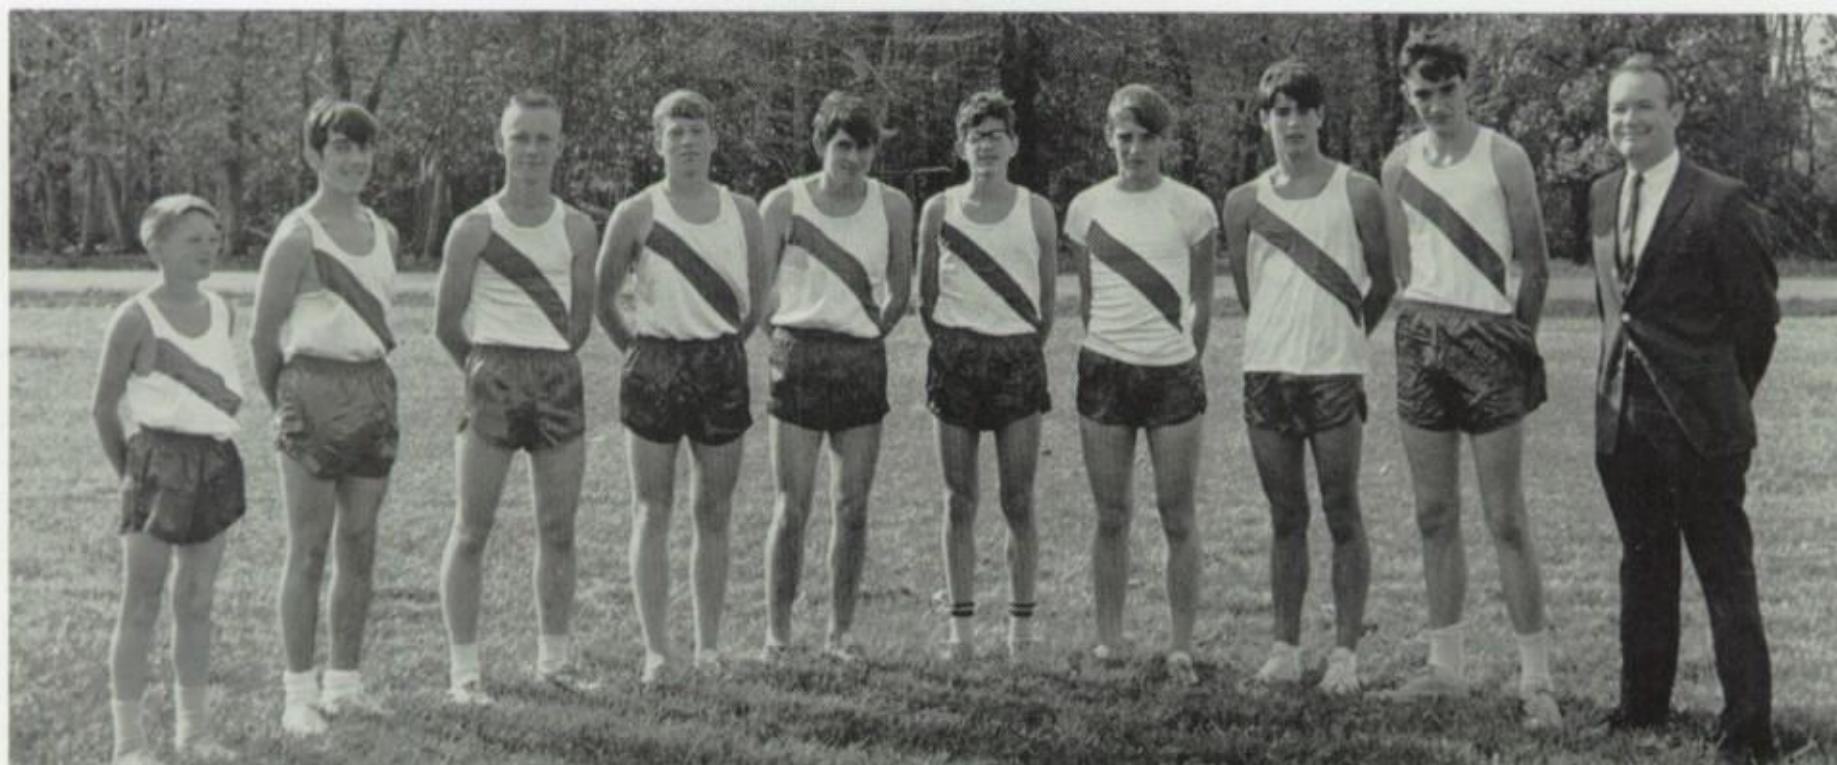

1967 proved to be a record-breaking year as Captain Mick Goon set a new Hillsdale record at 11:03, and Bob Bright broke the Mapleton record with the fine time of 10:49.

Running at the Akron District Meet on September 28, was the finale of a successful season as the Mounties placed 4th in Section II with sophomores Bob Bright and Steve Badger receiving a gold and silver medal respectively. The three teams which defeated the Mounties also placed 1, 2, and 3 at the state level.

Coach Hay stated that considering the caliber of this year's competition, it was a good over-all season.

With seven returning lettermen, the powerful Mountie squad has high hopes of winning the sectional championship next year. Leading the charge will be three wrestlers who were unbeaten this year. Jim Kline and Don Bowen finished the season with 9—0 records and Cliff Hickey, 145 pound sectional champion, was 7—0. Kline and Bowen led the team in points scored with 33 each and Hickey led in pins with 5.

'Up-and-Down' Season

On a 19-game slate, the varsity broke even in the Firelands Conference at 5—5 but came out on the short end overall at 7—12.

Many games were really 'heartbreakers' as the Mounties lost by only a few points.

Leading the squad was Claypool with a total of 287 points and a game average of 15. Leading rebounder was Oblisk with a total of 123, averaging 7 per game.

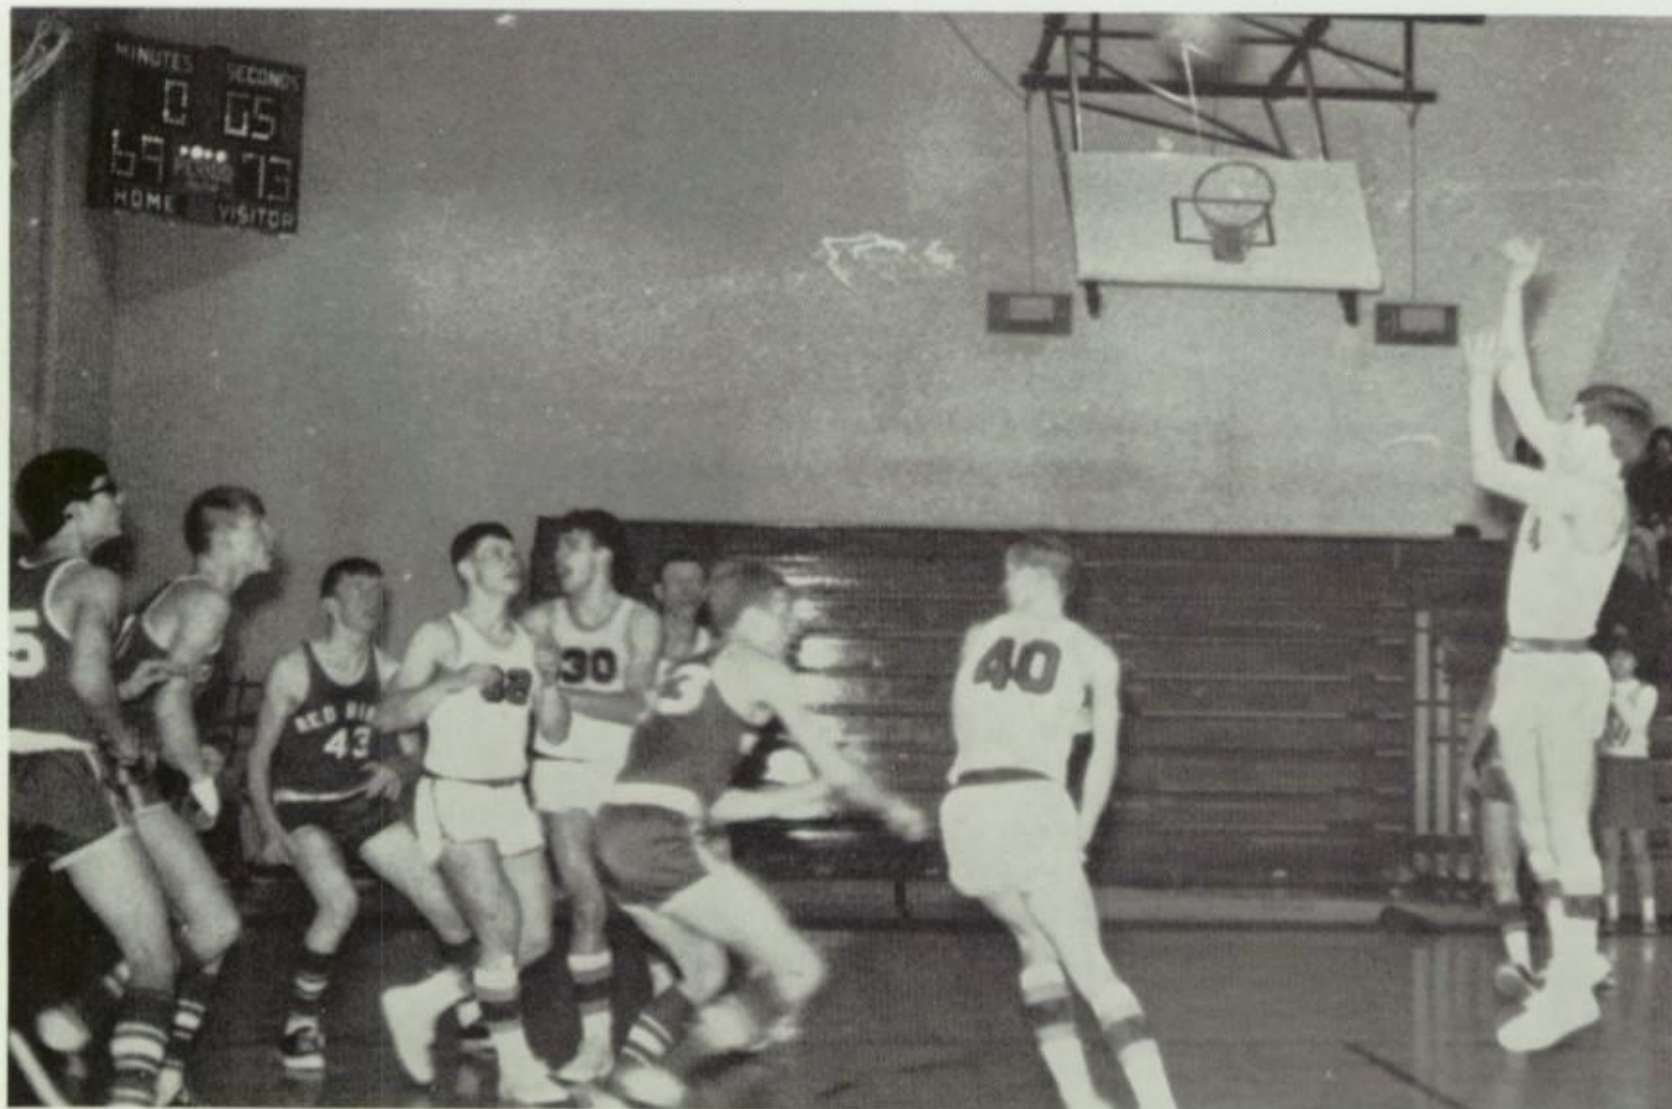

Total team points accumulated during the season were 1,116—only 75 less than that tallied by opponents. Highest scoring game for the Mounties was 81—79 against Milan. This also has to be considered the varsity's best game of the year with a field goal percentage of 53% and the most efficiency points of any other game.

Team spirit and continuous determination led the junior varsity to 17 wins and only 1 loss. Chalking up a 10—0 ranking in the F.C., the Junior Mounties had a winning streak of 15 consecutive games.

Fast action and excitement were typical of all J.V. games. The crowd was provided with plenty of excitement as the Mounties hustled to assure close but definite victories. Clutch free throws often pulled the win securely from the opposing team.

School Spirit Shown by Cheerleaders

The leaders of school spirit—the M.H.S. cheerleaders—worked throughout the football and basketball seasons continually. After attending a cheerleading clinic where they learned new and different cheers and techniques, they sold advertisements for football programs, held candy sales and cake raffles to pay for the cost of the uniforms they made, and also held pep rallies during school.

They attended every football and basketball game to lead the fans in their support of the Mounties.

Team Depth and Spirit—Qualities of a Great Track Team

The finest track squad in the history of Mapleton High School raced to a 14—0 dual meet ledger, acquired 4 trophies, and broke 14 school records on their way to winning the 1968 Firelands Conference Championship.

Both "A" and "AA" schools fell before the furious onslaught of the Mountie juggernaut which pounded its way to a perfect record and a rating as a track powerhouse in the state.

In addition to the conference championship, the Mountie thinclads garnered the winner's trophy at the Ashland College Indoor Relays, the Ashland Relays and the Triway Invitational meet.

Seniors Darcie Briggs, Jesse Brown, Nick Claypool, and Mick Goon will be sorely missed by those who will return next year. But these four seniors have provided goals for the future Mountie thinclads to reach for in their future years.

Students Explore Teaching Fields

The main purpose of the F.T.A. is to give students, who are interested in teaching, valuable experience toward their intended vocation. Membership is open to all students who thinking of entering the teaching profession in the future.

Activities during the year were such as to provide a closer look at the profession. Practical experiences were gained through a "teaching day", in which the F.T.A. members took control of the classroom activities, working under an assigned teacher, and other related activities. If, during the year, the student had earned 20 points by teaching or performing a duty related to teaching, he is given a pin to show for his achievement.

**Pepsi-Cola cold
beats any cola cold!**

Drink Pepsi cold—the colder the better. Pepsi-Cola's taste was created for the cold. That special Pepsi taste comes alive in the cold. Drenching, quenching taste that never gives out before your thirst gives in. Pepsi pours it on!

**Taste that
beats the
others cold...
Pepsi
pours it on!**
